MARINE & CIVIL SERVICES

Critical Safety Rules

Control the Work

Plan the work, control the risks.
Stop and reassess if conditions change

Control lifting operations

Never stand under suspended loads. Maintain safe exclusion zones
Hands off, Step away, Safe Space.

Follow the agreed method

Follow RAMS, permits, and safe systems of work

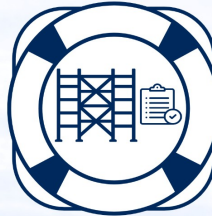

Work safely near water

Personal flotation devices must be worn where there is a risk of falling into water

Be competent and prepared

Only do work you are trained, competent, and authorised to do

Control Temporary Works

Do not loads or use temporary works until confirmed safe

Challenge and make safe

See Risk
Challenge it
Make it Safe

Use safe equipment

Defective, damaged, or uncertified equipment must not be used and must be removed from service immediately

Report and Improve

Report incidents, near misses, and unsafe conditions

Work safely at height

Never work at height without suitable controls in place

Navigating Risk so everyone goes home safe

Safety First: Plan - Control - Challenge - Confirm
